

Women's Experience of Maternity Care

What is the survey about?

This is a survey about your recent experience of maternity care. Your views are very important in helping us find out how good the services are and how they can be improved.

Completing the questionnaire

Please only think about the maternity care you received in your **most recent** pregnancy and birth when answering these questions.

For most questions, please tick clearly inside one box using a black or blue pen. For some questions you may be asked to tick more than one box.

Not all sections will apply to you. Sometimes you will find the box you have ticked has an instruction to go to another question. By following the instructions carefully you will miss out questions that do not apply to you.

Please **do not** write your name or address anywhere on the questionnaire.

Taking part in this survey is voluntary. Your answers will be treated in confidence.

If you prefer not to fill in the questionnaire, please return it in the prepaid envelope. This will ensure that we don't contact you again.

If the survey raises issues or questions of concern, you may wish to contact your family doctor (GP) or Health Visitor.
